roof drain type 84 D, clamp ring, DN 100

Part number: 831668
GTIN: 4001636831668
Rebate group: 3

Description:

roof drain type 84 D, clamp ring, DN 100
conforming to DIN EN 1253
with stainless steel clamp ring to secure all single-ply membranes

specification:
- side outlet, 3 degrees
- domed grating
- temporary blanking plate

material:
polypropylene, UV-stabilized

Flow rates tested to DIN EN 1253:

Nominal diameter	Outlet direction	Min. flow rate according to norm	Water level according to norm	Flow rate at water level 5 mm	Flow rate at water level 15 mm	Flow rate at water level 25 mm	Flow rate at water level 35 mm	Flow rate at water level 45 mm	Flow rate at water level 55 mm	Flow rate at water level 65 mm	Flow rate at water level 75
DN 100	vertical	4.50 l/s	35.00 mm	0.90 l/s	2.10 l/s	4.20 l/s	5.70 l/s	7.20 l/s	9.50 l/s	12.60 l/s	17.00 l/
