SOLUTIONS

Vast bathroom suites, generous floor plans and lots of space – these ideal conditions apply only to a minority of bathrooms. The reality is that most people have around eight metres square in which to make their bathroom dreams come true. Existing floor plans for such spaces range from the geometrically practical to being full of nooks, crannies and atmosphere. With imagination, creativity and the right shower trays and bathtubs even these bathrooms can be transformed into exquisite havens devoted exclusively to rest and relaxation.
