INO

INO, designed by Toan Nguyen, reinterprets the classic washbasin with graceful simplicity. Using the unique properties of Saphirkeramik, the collection transforms everyday functionality into seemingly weightless forms for contemporary bathrooms.

SENTEC

Sentec

Bathing in a bathtub made of solid surface material Sentec feels like being in a natural basin. Due to a high percentage of mineral particles, the surface feels smooth. The innovative material also allows an incredible freedom of design: almost every shape is feasible – from very organic to very straight and architectural. Furthermore the non-porous surface of the material is hygienic, durable, UV-resistant, highly resistant to scratches a and can be effortlessly cleaned.
