XCROSS

XCROSS – A Design Icon Balancing Expression and Function The striking cross-shaped frame of matte black steel supports the glazed white basin with understated elegance, making the space truly shine. The contrasting bicolor look draws all eyes and brings elegant clarity even to the most compact rooms. Here, visual strength and subtle refinement merge into a design that impresses with both lightness and presence. What makes XCROSS truly special is its precise craftsmanship. Every detail—the basin and the frame, connected by an almost invisible 1 mm narrow joint—is a testament to the highest level of artisanal skill. It is this attention to detail that gives the design its unmistakable soul.
