SCOPIO

Each washbasin in the SCOPIO series is a masterpiece in its own right, redefining space through formal clarity and aesthetic sophistication. The series combines functionality and art, elegance and simplicity, creating a harmonious environment that is more than just a place for daily care. The freestanding column from the SCOPIO collection is a symbol of strength and presence. Its clear, sculptural form is both majestic and calming. It makes a bold statement in the room while radiating a quiet, unobtrusive elegance through its simple beauty. The washbasin from the SCOPIO series impresses with its minimalist lines and effortless blend of function and style. A washbasin that elevates any setting with its purist grace while never appearing intrusive in its understated beauty. The wall-mounted washbasin captivates with its unusual, almost organic shape. Its deeper, outward-flaring structure gives it an impressive presence that simultaneously conveys a sense of lightness. This unique form seems to lift off from the floor and float into the room, creating a spacious, open effect.
