SONAR

Designed by internationally acclaimed Patricia Urquiola, SONAR draws inspiration from sound waves and water - uniting lightness and strength through the advanced materiality of Saphirkeramik to create refined, architectural forms for the bathroom.

#material_text

saphirkeramik

Saphirkeramik

Saphirkeramik, patented and available on the market is one of the latest, globally significant innovation from LAUFEN. This revolutionary, ceramic material reaches its exceptional hardness blended with corundum, a colourless mineral, which is a component of sapphires. This gives Saphirkeramik a flexural strength equal to that of steel. Yet it has the potential to be wafer-thin, giving designers almost infinite freedom to experiment – and tear up the rulebook of bathroom design.
