VAL

Simple architectural lines, extremely narrow edges and finely textured surfaces make the washbasins of VAL by Konstantin Grcic globally unique. Forms and textures not previously possible in sanitary ceramics are realised in an exciting collection which includes washbasins, WC and bidets, bathtubs, faucets and accessories.

saphirkeramik

Saphirkeramik

Saphirkeramik, patented and available on the market is one of the latest, globally significant innovation from LAUFEN. This revolutionary, ceramic material reaches its exceptional hardness blended with corundum, a colourless mineral, which is a component of sapphires. This gives Saphirkeramik a flexural strength equal to that of steel. Yet it has the potential to be wafer-thin, giving designers almost infinite freedom to experiment – and tear up the rulebook of bathroom design.
